## The Rainbow Phrase for Fit Testing

*When the sunlight strikes raindrops in the air, they act as a prism and form a rainbow. The rainbow is a division of white light into many beautiful colors. These take the shape of a long round arch, with its path high above, and its two ends apparently beyond the horizon. There is, according to legend, a boiling pot of gold at one end. People look, but no one ever finds it. When a man looks for something beyond reach, his friends say he is looking for the pot of gold at the end of the rainbow.*

### Safety Council Program

The West Central Ohio Safety Council, established in 1955, is an organization co-sponsored by the Ohio Bureau of Workers' Compensation, Division of Safety & Hygiene and the Lima/Allen County Chamber of Commerce. Our mission is to increase the awareness and the importance of safety, health, and wellness to area businesses and the communities of the West Central Ohio/Greater Lima Region.
